

CREDITS - REFUNDS

Entry fees are non-refundable except for the following:

*If a player cannot participate in a tournament due to medical injury the entry fee can be transferred to another tournament or a request for a refund can be submitted by the player. To receive a refund, a letter or note from the attending physician is required to validate the claim and should be addressed to the UJGA. The tournament entry fee, less the handling charge (\$25) is refundable. **All refunds are issued at the close of the UJGA Fall season (November).***

A player who qualifies for a national tournament through a UJGA sanctioned qualifying tournament and who participates in the national event is eligible to receive a refund of tournament fees less the handling fee for the tournament that conflicts with the national event the week of the event. A request for a refund must be submitted to the UJGA by the qualifying player prior to the national tournament.

Credit account: If a player has withdrawn from a tournament per the Withdrawal Policy a credit is issued to the player's "credit account". Credits should be used in the same season and cannot be used toward UTAH TEAM fees. The total, less half of the Year-end credits can be carried over and used the following year (ie: \$200 credits carried over to the following year amounts to \$100 usable credits).

If a tournament is canceled because of inclement weather a player can transfer the fee to another UJGA sanctioned tournament, transfer the fee to the players credit account, or request a refund of entry fees (less a \$25 handling charge). **ONCE A TOURNAMENT STARTS a refund of entry fees WILL NOT BE AWARDED.**

Starting times are final and posted 3-days prior to the start of a tournament. In the event a player does not withdraw from an event per the posted Withdrawal Schedule he/she is considered a "No-Show", and the No-show policy will be enforced (see "No-Show" policy on this web site).
